El Dorado Hotel Property Changes Hands This Week

Son Of Pioneer Sonoma Family Found Dead On Roadside

L. QUARTAROLI TRADES HOTEL FOR A RANCH

Pioneer Resident Will Move to New Home; New Owner of Hotel To Take Possession September 1st.

Mr. and Mrs. L. Quartaroli, for many years proprietors and owners of the El Dorado Hotel, Sonoma, have exchanged this fine property and business for a fruit and vineyard ranch on the Guerneville road in this county and will go there to reside.

Mr. Hollenberg, the new purchaser of the El Dorado, will take possession September 1st.

The property has a frontage of 100 feet on First Street West, facing the Plaza, and 180 feet on Spain street. It is improved with a substantial adobe of historic origin which has been modernized and converted into a modern two story hotel building with many outbuildings, including a large wine cellar, garage and stables.

Mr. and Mrs. Quartaroli, pioneer hotel people, acquired and improved the building about 15 years ago and have since built up one of the leading hotels of Sonoma Valley. It has been the headquarters of bus lines and patronized by the traveling public from all over the state, the Quartaroli dinners being famous.

The family will be wished the greatest success in their new home which consists of a fine bearing orchard and 20 acres of vineyard, a delightful place on which to retire after many years of business activity. Prior to acquiring the El Dorado, the Quartarolis conducted a hotel on the site now occupied by the Batto block. Mr. Quartaroli has served as a city trustee and been an active factor in civic affairs during his long residence in Sonoma.

MAYS ACQUITTED OF CHARGE OF BRIBERY

Jack D. Mays, indicted by the grand jury for the alleged acceptance of a bribe from Gertrude Rutledge, colored dive keeper, was acquitted of the charges Wednesday by a jury in Superior Judge Rolfe Thompson's court.

The verdict came quickly and was returned in court in exactly five minutes after the jurors, nine men and three women, left the jury box.

Mays was surrounded by many friends who congratulated him on the successful outcome of the case and his wife was one of the first to rush to his arms and embrace him.

W. F. Cowan, who defended Mays, slapped his client on the back and said: "Good boy, I told you so."

The policeman, in his uniform, is now back on his beat.

District Attorney Hoyle was undecided after the trial as to what action would be taken in the bribery case of G. C. Feliz. The prosecutor intimated, however, that the charges would in all probability be dropped.

Shirley Weise of Glen Ellen visited his wife and baby in San Francisco last Sunday. The baby who is in a hospital of that city is gradually improving.

Boom! City Trustee Wants Big Cannon

Reading of the success of other municipalities in securing captured cannons from the Argonne or other World War fields of battle, City Trustee Ed Lindley is to communicate with Congressman C. F. Lea and try to secure one of the big war trophies for Sonoma. It would be fitting for Sonoma, once a military post in early California days, to have a piece of field artillery.

NEW OFFICERS FOR FIRE DEPARTMENT

A. E. Joscelyn Is President and Louis Kearney Treasurer of Re-Organized Fire Department.

At a well attended meeting of the Boyes Springs and Valley Volunteer Fire Department held at the Sonoma Vista Club House Wednesday night new officers were chosen, Chief Walter Stuermer was officially named to succeed the late Chief Cause and the department completely re-organized.

The new officers are as follows:

A. E. Joscelyn, president.

John Benedetto, vice president.

S. J. Meek, secretary.

Louis P. Kearney, treasurer.

An auditing committee is also to be named with J. W. Fleming, J. N. Beach and others as members.

The indebtedness on the chemical engine, amounting to a little over $1000 was discussed and as the American La France Fire Engine Company has demanded payment, it was decided to raise the money at once by giving a big benefit dance Saturday night, August 30th, at Coney Island pavilion, with tickets at $1 each. Every person in Sonoma Valley and those who have interests here are expected to aid in this laudable undertaking of raising the fire department debt. The benefit ball is the means by which it is believed the fire engine balance can be paid and no other donations will be asked. Tickets will be on sale this week for the big time next Saturday night. Fine music has been secured for the dance and a record crowd is expected.

MASSEUR SUES L. F. LAMBERT FOR $20,000

The right index finger of an expert masseur is worth $20,000 to him in his business according to a suit filed in the superior court by Attorney George F. Owens for J. J. Kaufman, masseur of the Sebastiani block against L. F. Lambert, Sonoma druggist. Kaufman alleges that on January 21, he treated the finger according to Lambert's advice and has since suffered serious disability through infection.

The talented son of Mr. and Mrs. Deakin of Broadway has entered Santa Clara College. Although blind, this young man graduated with honors from the Sonoma High School and with the aid of a student to read to him, expects to go through college. His mother will move to San Jose to be near him during the school terms.

Stockholders Agree to Sell to The Mercantile Trust Company; Merger In Effect Today

At a meeting of the stockholders of the Valley National Bank last Tuesday evening is was unanimously agreed to sell the local bank, organized a year and a half ago by the Burris interests to the Mercantile Trust Company of California. The bank will be menged with the Sonoma branch of that institution. F. M. Burris will be the local manager and his assistants will be F. Baccaglio and Miss Amy Heggie of the old Mercantile Trust force and Miss Rose Pagani and Armand Franquelin of the Valley National. N. J. Heggie who has been manager of the Mercantile Trust branch since the First National Bank was acquired in January, 1923 will retire.

The Valley National Bank building will be the home of the merged banks the banking rooms being among the finest and most substantial in northern California.

At the close of business today the merger will be in effect and Monday morning the Mercantile Trust Co. will open its doors at the new location.

N. J. Heggie, retiring banker plans an extended trip to Humboldt county for rest and recreation. A lover of nature and the great out doors, he is looking forward to the future with enthusiasm after many years of close business application in the bank.

Jesse Burris, dean of Sonoma bankers also retires from active participation in the banking business but has no immediate plans other than to enjoy his declining years free from business cares and responsibilities. F. F. Wedekind of the Valley National also retires and will again actively manage his fine ranch south of town.

The Mercantile Trust Company having acquired another Sonoma bank has a large local clientele and at the new location predicts a substantial growth in the local field.

VAUDEVILLE NEXT FRIDAY EVENING

Show and Dance at Fetters Theatre For Benefit of St. Francis Church Will Draw Crowd.

Recalling the many clever numbers on the annual vaudeville show bill of the St. Francis church there is a keen demand for tickets for the big show and dance at Fetters Springs Theatre next Friday night, August 29th. The benefit has heretofore been held at Boyes Springs Theatre, but after the fire the proprietor of Fetters offered his hall to the parish, both for the holding of services each Sunday and also for any benefit entertainments.

A good program, excellent dance music and good time is in store for all who attend the 1924 vaudeville show and dance for the church.

SONOMA VALLEY PAVING FINISHED

Galbraith & Janes, Contractors, Will Now Gravel Road Between Cave Dale Road and Beltane.

Pouring of concrete on the new Schelville-Santa Rosa highway was completed Tuesday at the Cave Dale intersection, north of Boyes Springs.

The paved surface between Sonoma and Boyes Springs has been in use up to Thursday morning, when the old bridge at the foot of Main's hall was dynamited preliminary to building a concrete span. Work on it will be rushed by Contractor Albers.

Plans for this bridge were sent to the highway department last spring but some changes were made by the State which held up the work. Upon their return the Supervisors advertised for bids and let the contract.

Supervisor Fred Lowell Gives Facts and Figures

To The Voters:

When I was elected supervisor of the First District of Sonoma county in 1921, when I took office the assessed valuation of the district on the outside was $6,409,245, and in the City of Sonoma was $524,860. The assessed valuation for 1924 is $5,957,865, or a loss of $451,380 in valuation on the outside; the assessed valuation of the City of Sonoma for 1924 is $488,140, or a loss of $36,720 in voluation in four years' time.

Our road money as raised on the valuation of the district, city and county, for 1924, $5,957,865, at 40 cents on the dollar, makes $23,831.46 to spread over a little more than 400 miles of road in the First District. The law has never changed for raising road money since the days when they built roads for teams, therefore we cannot raise any more funds. It is not like the Valley of the Moon Lighting District, the assessed valuation went down this year to $60,000 on account of the fire and to raise the money this year for the lighting district it will take 95 cents on the $100 as against 52 cents last year. This was voted by the people and, according to law, the money must be raised to pay the bills.

Everybody asks: "When are you going to build a highway?" The modern road of today costs $25,000 per mile. I would like to ask some of the voters where I should put this mile of road, if I was to rob the entire district of the road money and put it into one mile of road.

If I had all the money that is raised in Sonoma county this year for road purposes for the five supervisors, which is $128,699.75, to spread over 1800 miles of county road and 200 miles of private roads, I could only build five to six miles of highway with the funds available.

F. A. LOWELL, Supervisor,
First District.

Burning Off Grass On The Noted Plaza

City trustees are burning off the weeds and grass in the Plaza which should be green with lawns, but instead is a blackened area but for a few spots conspicuous among which is the green area around the Bear Flag monument, put in by local Native Sons. They have set a good example. What fraternal order will follow their example and give us more green lawn in our park?

SONOMA HIGH SCHOOL TO RE-OPEN SEPT. 2

Many Improvements and Additions Have Been Made at Local School During Vacation Months.

The Sonoma Valley Union High School opens on September 2nd, for all students. All indications point to the most successful year in the history of the school. The equipment and facilities for work were never more complete. The faculty with the exception of one additional teacher and one change is the same as last year. Efficient instruction is largely dependent on permanence of service. A school with a small teacher turnover is rated higher than one with constantly new teachers.

There will be six courses of study offered to the student body, as follows: University preparatory, teachers' college preparatory, business, agriculture, machine trades and homemaking. For the size of the community and its wealth, the school should be as efficient as any school in the state the coming year.

The freshman class is urged to to come Friday, August 29th, between the hours of 10 a. m. and 3 p. m., except for the noon hour, to register. It will be a distinct advantage to all new students to come at that time as their interests require special attention.

All students are urged to report promptly on September 2nd. The plan of the instruction next year is such that a pupil will receive credit for each week's work as it is satis-

FIRE ENGINES RUSHED TO HILLSIDE FIRE

A fire whih broke out in the hills back of the Springs last Wednesday and threatened to burn over wide territory caused considerable apprehension and both chemical engines were rushed to the scene. Chief Valente of Sonoma drove the Valley Angel and with the Little Red Devil and its crew of fire fighters, they succeeded in hemming in the fire.

Owing to the extensive dryness of the hills the appearance of the fire was instantly the signal for action and the two chemical engines proved their value in the emergency.

A letter from Mrs. Clements, Sr., of Eden Dale, announces the arrival of herself and the Will Clements in Canada. They went by auto and stopped at Spokane enroute to visit Mrs. James McElney's sister in that city.

EDWIN GILLAN SUCCUMBS TO HEART ATTACK

Heart Failure Claimed Pioneer Sonoma Resident As He Was Returning Home Last Sunday.

Edwin W. Gillan, member of a pioneer family and brother of Miss Eda Gillan of Second Street East, was found dead by the roadside near the Valley Cemetery Sunday, a sad coincidence being that his sister was one of those who discovered his lifeless body as she passed with friends in an automobile. Gillan had been visiting friends near Vineburg and was on his way home when death overtook him. It is believed that he suffered an apoplectic attack and fell face downward, the position in which he lay when discovered.

Miss Gillan, passing by with Mrs. Anna Poppe in the family car of Attorney and Mrs. Grinstead, noticed a dark object at the side of the road and called attention to it, but believing that it was a log or tree, the motorists continued on their way. They decided, however, to drive around the block and ascertain for sure and upon looking again saw the prostrate form of a man. Even then his identity was not discovered and it was not until Deputy Coroner Bates had been summoned that Miss Gillan was informed that the victim of the sudden heart attack was her brother.

Edwin Wardlow Gillan was the son of the late Edward and Sarah Gillan, and was 64 years of age. He was born in Sonoma and leaves besides his sister, Miss Eda Gillan, a large circle of old friends to mourn him. Deceased was a quiet, industrious man, lately employed at Tubbs Island as a caretaker, and resided when in Sonoma with his sister at the old family home where funeral services were held Tuesday afternoon. Interment was in Mountain Cemetery.

GLEN ELLEN BANDIT SHOT IN SAN MATEO

Positive identification of F. N. Brown as the bandit who held them up and robbed the garages at which they were employed, was made at the San Francisco hospital by Lee Annett, night attendant at the Central Garage, Santa Rosa, and William Kamper, who holds a similar position in Petaluma.

Through arrangements made with Lieutenant of Police Frank J. Winters Annett and Kamper were brought face to face with the suspect, who is believed to be dying from a gunshot wound inflicted when he attempted to hold up a garage in San Mateo.

Brown admitted when he was removed to the hospital that he was the man who help up several garages and service stations, but because of his dying condition he was not pressed for complete details.

The garage hold up and gun battle which brought an end to the bandit's career of crime occurred at 5 a. m. last Saturday. Brown had help up Ray Frey, night man, and robbed the cash register when R. G. Rose, proprietor, appeared on the scene. En-

EL VERANO NEWS

By ARCHIBALD McKIVER

On next Tuesday, August 26th, the primary election will be held. Great interest has been taken in the supervisorial race and one of the hardest fights ever witnessed in political history will be fought out at the polls. Both candidates for supervisor of this district are from Sonoma Valley and have a large following. Fred Lowell the incumbent, has served one term as supervisor, taking the job away from J. Harry Weise of Glen Ellen at the election four years ago. Lowell's opponent is R. R. "Dal" Emparan. manager of the Sonoma City Water Works and a grandson of the great General Vallejo. Nothing would be a greater compliment to this famous pioneer family—Vallejo being one of the first settlers in the Valley of the Moon and founder of Sonoma City—than to elect Emparan, thinks your El Verano correspondent. He has been deputy assessor for several years and in this position has been in close contact with the voters of Sonoma Valley and being very popular and a prominent member of the Elks, should make a good race. I believe he will be elected at the primary Tuesday. Archie first, last, and always has been for Emparan and concedes him a heavy vote in these parts. Every voter should turn out and vote at the primaries, as this will decide the supervisorial election. The writer always likes to play a winner and in past elections has come out on top. In the memorable school superintendent election, in which Ben Ballard and Miss Louise Clark were the principals, McKiver picked Miss Clark to win, and she did. Good luck and success to you, old schoolmate.

Miss Mae Andrews, daughter of Mr. and Mrs. J. Andrews of El Verano, was married last Friday in Los Angeles to Kenneth Saunders, a well known business man of that city. The happy newlyweds are on their way to visit El Verano relatives, after which they will go to Florida to spend several weeks. Mrs. Saunders, a popular former El Verano girl, has many friends who wish her happiness and extend congratulations. They will make their home in Los Angeles.

On Friday evening, August 29th, a vaudeville entertainment and dance will be given at Fetters Springs for the benefit of St. Francis Church, at Sonoma. Rev. Father Byrne and the congregation are working hard to make this the event of the season. Many local El Veranoites will be in attendance, and outside cities will send large delegations to enjoy and evening at the famous Fetters Springs at which time the best of talent will do their stuff and up to date music will feature the dancing. Father Byrne's entertainments are popular and always play to a full house. Don't fail to be there.

Mr. and Mrs. McAuley and family and Mrs. Frentress of Hornbrook motored to El Verano over the week end, spending the day at their poultry farm here.

Miss Beatrice Fish, who has been vacationing with her folks at their Sonoma Vista home, has returned to Alameda. Miss Fish enjoyed her visit and has become quite a swimmer and high diver, being admired at the Springs for her swimming ability. She will attend Notre Dame Convent during the coming school term, and will return here again next season, having enjoyed every minute of her stay at Sonoma Vista.

Mr. and Mrs. P. Zampa of Oakland were guests at the Royal home on Sunday Miss A. Rovoi, who had been visiting her, returned home, but Mrs. Zampa will remain for a two weeks' visit with her parents.

A special train of Santa Rosa Elks paid an official visit to Napa Lodge Wednesday evening. The train stopped along the line and many Sonoma Valley Elks joined the Santa Rosa aggregation and enjoyed the powwow at Napa. The train returned Thursday morning. About 300 made up the crowd, accompanied by a band.

Miss Olga Lippi, who is vacationing at Verano with her folks, was a week end visitor in San Francisco. The Lippi family will return to the city after September 9th.

Miss Mayme Walsh of San Francisco has been the guest at the Kearney home.

Supervisor Fred Lowell was campaigning in El Verano last Saturday. His opponent in the supervisorial race is R. R. "Dal" Emparan of Sonoma.

Albert Rossi, who is a brakeman on the N. W. P., Glen Ellen branch, was visiting home folks over the week end.

Maurice O'Dowd, Jr., with other friends from San Francisco, were visitors at the O'Dowd summer home over the week end.

Mr. and Mrs. E. E. Jones have moved to Petaluma, where Mr. Jones is doing road work for the county.

Mrh. Hawes, after a pleasant visit, with the Minkels, has returned to her Oakland home.

John Mohr, movie king, who plays at the El Verano Villa on Friday evenings, is showing to full houses. The pictures that the Sonoma magnate puts on are good and El Verano natives and outside visitors enjoy the programs each week, the pictures being the latest releases.

Pat Wyatt, Mare Island mechanic, was spending Sunday visiting with his folks here and meeting El Verano friends.

Charles Danieli, well known San Francisco plumber, was in town on Sunday visiting his mother and winning a game of pool from our champion, John Basileu, the barber.

Mrs. Fred Venton returned to her Oakland home Sunday after a pleasant visit of several days with her parents, Mr. and Mrs. J. Andrews.

William Dowdall was in town Sunday from San Francisco, spending the day with relatives.

The election Tuesday will be held in the El Verano pool hall, next to Mullen's store. Election officers are T. H. Baines, D. W. Corbin, Emmet Mullen George Weaver, O. W. Wilkinson, and Miss Irene Dowdall. The polls will be open from 6 a. m. to 7 p. m.

F. N. Brown, believed to be the auto bandit who has been working in this county, and who recently kidnapped a Santa Rosa garage man, ordering him to take a car and drive with him out of town, and then tying the man to a tree in a lonesome spot, was shot at San Mateo last Friday as he was leaving a garage following a hold-up. The bandit weighs about 200 pounds and answers to the description of the man who was working in these parts. Brown was taken to a San Francisco hospital following the shooting, where it is said he will recover. The same man stopped at

SECOND HUBBY WORRIES SECOND HAND MAN

His wife wakes him up on an average of twice a week calling for "my Gordon," claims Meyer Levin, Sonoma second hand man.

Not only does this cause him great mental strain, he says, but he believes that the "Gordon" mentioned in her slumber is her real husband, married to her by a Jewish rabbi, and from whom she has never obtained a divorce.

In addition to this mental cruelty, Levin claims that on one occasion his wife brought her son, a man larger than Levin, to the Levin store and proceeded to "beat him up."

He states that there is no community property to divide and assures the court he is far from a wealthy man.

Levin's attorney is Bryce T. Swartfager.

SOME PARAGRAPHS ON THE ELECTION

Public opinion will register its choice next Tuesday and select various candidates for offices of varying degrees of responsibility and honor.

California Legislature contests this year masquerade under various complexions, but the real issue is economy. Governor Richardson wants legislators pledged to his program of retrenchment, a program which he has put through regardless of yellow journalists and disgruntled "has-beens" in California politics.

It is painful to comtemplate what an orgy of extravagance would run rampant over the State if the Governor's critics were again permitted to get the reins. California is prodigal with its wealth at the best. We need Richardson—the man who thinks there are "too many frills to this education business," and doesn't mind trimming them a bit; the man who thinks criminals should not be pampered, but once in a while should hang; the executive who believes in action, not talk, in State emergency such as epidemic or forest fire.

As for the local contests, such as Supervisor, naturally community political interest centers around the men we know best. In this, the First Supervisorial District, Sonoma Valley has two men of excellent reputation willing to serve their territory. The voters will be guided in their choice by the estimate they set on each man's ability to make good on the job. If they believe the rival of the incumbent can improve on the record of Mr. Lowell, it will be so ordered.

There is no question but that a Supervisor is coming to be judged by his roads, and the whys and wherefores of poor roads need explanation. However, Mr. Lowell has done a lot of splendid, construction work during his term of office, built 117 bridges and culverts, did miles of grading and graveling, endless repair work and made many improvements preliminary to the new State highway. A falling off in the assessed valuation of property taxable for road purposes gave Supervisor Lowell very limited money on which to work, but that he has done as well as any public servant could have done with the funds at his command, is evident

Voters who would continually change officials at the end of every term, believing in the adage that a new broom sweeps clean, are all too lenient. Better far to recall a man if he fails to do his duty than to waste time and let a community suffer.

If the public, impatient for better roads—the only criticism directed against Mr. Lowell—elects an untried man, it will be a direct mandate to the new public servant to keep pace with modern transportation needs and to get the funds to do it. Much is expected of the Supervisor the coming term, old or new, and he must deliver the goods. We believe the man qualified by experience is the man who can accomplish the most for his District in the splendid future ushered in by our new State highway, for in addition to energy and initiative, County finances must be understood, apportioned and made available to carry out improvements. Perhaps a road district is the only solution. Supervisor Lowell seems the logical man at a crucial period in the progress of this District.

The Presidential choice will, of course, be the real test of the year for when the votes are counteed we will be able to gauge public sentiment its estimate of the nominees and its faith in the fundamentals of the Constitution of the United States.

The three party contest for President lends interest. It is only a poll of the voters throughout the Uunited States which will determine, for instance, to which extent the breach in the Democratic party has been repaired by the selection of a compromise nominee of that party, Mr. Davis. If the Democratic vote does not show up well, where will it have turned and whose cause will be helped by disgruntled McAdoo and Smith supporters? The final analysis will be interesting and may teach a lesson invaluable at future national conventions.

What sort of a vote will crystalize aroud LaFollette? Fortune favors Mr. LaFollette's candidacy and there is no question that he will get the type of vote ever faithful to his trend of thought, that he will attract a labor vote, a Republican soldier vote displeased at the Coolidge disposition of the bonus, and anti-Davis Democrats. Whether progressives and radicals, a divided labor vote which frequently exercises good judgment unadvocated by demagogic leaders, and scattering soldier vote can nominate him, remains to be seen.

Coolidge, while perhaps not the popular choice (popular in the sense that Roosevelt, McKinley, Wilson or Harding were popular) is undoubtedly the choice of people all over the United States who feel that he has been weighed and has not been found wanting: that his is safe, business-like, insistent on honor in high and obscure places, knows the fibre of his appointees, and practices the economy and business principle he has advocated for this country from his first entrance into conferences on that important phase of government affairs. His consistent program of reduction of the national debt and his achievement along those lines will win Mr. Coolidge votes from every quarter and every political strata, the drawing power of Mr. Dawes aiding materially in the finals.

Show your public spirit by aiding the fire department dance. If every family will buy its quota of tickets the $1000 indebtedness on the Valley Angel can be cleared off. Make the benefit a complete success.

PLANS COMPLETE FOR PAGEANT

Conservation in general, and conservation of the redwoods in particular is the idea back of the elaborate pageant, "The Pageant of the Redwoods," which the club women of Sonoma county plan to present in the Armstrong Woods, near Guerneville, on Monday, September 1st, Labor Day Depicting the rise and fall of civilizations in pageantry, Mrs. Frank J. Greene of Petaluma has written the history of the redwoods and Mrs. T. J.McMannis of Sebastopol has charge of the production. Chronicled events that have directed the destiny of man and nature and now threaten the extinction of "age-long" redwood, will be unfolded by the cast of several hundred characters. Period dancing, elaborate spectacles and fine music will play an important part in the production.

Armstrong Grove provides an ideal setting for the play in the natural amphitheatre that nestles under the shadows of the towering trees. And the grove is of easy access to the motorist from San Francisco. Preparations are being made in the Armstrong Grove to seat the hundreds of pleasure seekers who will be in the Russian River section over the week end, and also parking facilities are being arranged. Several thousands spectators can be accommodated upon the terraced slopes that circle the stage.

While the Armstrong Grove is small in area, being but 450 acres in all, it includes such magfinificent specimens of the sequoia as the Parson Jones, which is 200 feet in height, and Colonel Armstrong, which is over nine feet in diameter. To reach the grove from the bay section, motorists travel the Redwood Highway to Santa Rosa, and then on west for about 20 miles. A record breaking crowd is anticipated by the club women, as September 1st, Labor Day, follows the week end holidays and many people will take this opportunity to visit the Russian River.

PREDICTS VICTORY FOR PRESIDENT COOLIDGE

Editor Index-Tribune,
Sonoma, Calif.

My Dear Murphys:

Thank you very much indeed for your fine editorial in last Saturday's issue on Mr. Coolidge. I hope all read it and will be influenced to vote for the man of common sense to be president. Mr. Dawes, too, is a wonderful man, as his record shows. His latest effort, that of proposing a plan for settling money matters in Europe should be adopted by all those countries.

I believe all English, Germans, French, Italians and Belgians who are now citizens of the United States will appreciate what Mr. Dawes has done for their fatherland and vote the Republican ticket.

I believe Coolidge and Dawes will carry every northern state, with the possible exception of Wisconsin, the four border states, Maryland, West Virginia, Kentucky and Missouri, and Tennessee, Louisiana and Florida in the south.

Again thanking you for the editorial and hoping you will keep on with the good work and wishing you success in your work, I am,

Respectfully yours,
A VOTER.

WILL APPEAL THE CASE

Phil V. Hurley of Petaluma, who was found guilty by a jury at Sonoma on a charge of reckless driving a few days ago, has filed the necessary papers for an appeal to the superior court and feels assured that the higher court will reverse the decision of the jury in the lower court, claiming that the accident which led to the arrest was not due to reckless driving but that it was unavoidable.—Petaluma Argus.

GOLF PARTY REGISTER AT FETTERS SPRINGS

On Friday, August 15th, a party of Eastern golfers arrived at Fetters Springs. They were shown around the hotel and swimming tank by George Fetters and had a very enjoyable swim.

They were then taken in tow by Thomas Greene, the professional at the Valley of the Moon Golf and Country Club, and Rudy Lichtenberg the Boyes Springs boniface.

Three or four matches were played in the afternoon and on Saturday morning quite a gallery followed Lichtenberg and Greene of the Valley of the Moon and James Floyd and Jack McGill of The Balsams Country Club of New Hampshire to a close match which carried them to the 18th hole before it was decided.

On Saturday evening a banquet was served at the Hotel and quite a few surprises were in order. The favors were small golf clubs in miniature bags and the table decorations were grass greens and sand bunkers.

A very enjoyable time was had by all and a vote of thanks was extended to Mr. Fetters for his hospitality and to Adele Girard for her pleasing entertainment.

The following visitors and friends were at the banquet: Mr. and Mrs. J. Floyd, Colebrook, N. H.; Mr. and Mrs. J. McGill, Colebrook, N. H.; Mr. and Mrs. Joseph Harwood, Boston, Mass.; Mr. and Mrs. L. Jones, Jacksonville, Fla.; Mr. and Mrs. Bob Morton, New York City; Charles Farnald, New York City; Joseph Wilson, Garden City, L. I.; L. Sands, Hartford, Conn.; K. McGregor, Phnladelphia, Penn.; Miss E. Hoopes Philadelphia, Penn.; Miss M. Floyd, Colebrook, N. H.; Mrs. N. M. McCarthy, New York City; Rudy Lichtenberg, Thomas Greene and Dr. T. Shields

Otto Spindler of San Francisco recently celebrated his birthday and Mrs. Randolph of Sonoma was among the guests at the joyous event.

"THERE'S A REASON"

MR AND MRS. JOE GILMAKER HERE FROM LONG BEACH

Mr. and Mrs. Joseph Gilmaker, (Millie Richards) of Long Beach and Mr. Gilmaker's mother, also of the southern city, motored up this week and visited friends and relatives in San Francisco, the Valley of the Moon and in Grass Valley. Mr. Gilmaker is a prominent capatilist of Southern California where he has large property interests.

Preston Hotz has been spending a week at Healdsburg with relatives, and enjo ing fishing trips to the Russian River and other diversions.

GLEN ELLEN BANDIT SHOT IN SAN MATEO

(Continued from Page One)

tering through the rear of the garage, Rose saw the bandit rifling the cash register and opened fire. Brown fell to the floor.

Believing the man was seriously injured, Rose approached him. Brown jumped to his feet and fired at the garage owner. All the bullets went wild, however, and Brown fled, jumping into an automobile. He was later found in a San Francisco hotel hiding in a room, desperately wounded.

The hold up of the Central Garage in Santa Rosa was perpetrated in the same manner in which the garage at San Mateo and another at Petaluma was held up.

Lee Annett, who was the victim of the hold up in Santa Rosa, obligingly, at the point of a gun, drove the bandit to a spot near Glen Ellen. The ban lit then tied Annett to a tree and thanked him for his trouble.

Kamper was more fortunate than Annett. He was compelled to drive the man from the scene of his crime to a spot in Berkeley and was not tied up.

VINEBURG ITEMS

The Huichica school near Vineburg will open for the fall and spring term on Tuesday, Sept. 2nd. During the vacation the school house has been painted and renovated throughout and is now in first class condition. Mrs. H. W. Hendry, principal and Miss Enid Olsen will be the teachers for next term.

Mr. and Mrs. L. P. Restau and son motored to Merced and were the week end guests of relatives. They returned home Monday afternoon.

Messrs E. Forni, A. Ligr, Joe Cavalini and Frank Groskopf are now enlarging the foundation for a new blacksmith shop to be erected for Mr. A Ligi.

R. R. (Dal) Emparan of Sonoma visited this vicinity on Wednesday last and exchanged greetings with friends.

Mr. and Mrs. Fred Batto and son Herbert, accompanied by Enrico Forni left here Thursday for a trip to the Summit and vicinity and will be gone several days. Mr. Batto is driving his new Lincoln, which everyone says is "some car."

From 12 to 15 hands are now engaged in drying apples at the Cutter drier here and Mr. Cutter is quite a busy man.

ROBINSON & DRESEL DISSOLVE PARTNERSHIP

S. A. Robinson and Julius Dresel have dissolved partnership and Mr. Robinson will in the future conduct Ye Electric Shop in conjunction with his tire and vulcanizing business on Napa street.

Dresel will engage in electrical jobbing, making his headquarters at the family home east of town.

MISS LILLIAN PARENTE RESUMES HER TEACHING

Miss Lillian Parente, daughter of Mr. and Mrs. Louis Parente, who has spent a portion of her vacation at the Tavern, conducted by her mother in the Valley of the Moon, has returned to San Francisco and resumed her position in the primary department of the San Francisco schools. Miss Parente loves her work and her little pupils are very much attached to her.

LAMBERT HELD TO BLAME FOR ACCIDENT

Judge Leopold Justi after hearing the evidence in the case of Ysedro Ornalez vs L. F. Lambert last Friday, decided that Lambert was at fault in the matter of the auto collision and should pay the damage done to the plaintiff's car. Miss Inez Reed, an eye witness testified as to the accident which occured near her home Lambert declares he will appeal the case.

Mrs. LeBaron, nee Lois Appleton, is visiting at the home of her grandmother here.

Protectors

SHOULD a wild storm tear down transmission lines from the hydro-electric plants in the mountains, these ever alert and watchful steam plant operators are at your service.

At the big steam plants massive boilers and huge turbines are day and night held in readiness. In an instant these men step them up to full capacity, often without even the slightest flicker of your lights. The steam plant furnishes the deficiency in electric energy should the hydro fail.

Proud of their record for continuous service, these men hold eternal vigilance and assure you of ever ready electric energy necessary for your comfort and convenience.

factorily completed. It will not be possible to be absent at will and return to go along with the class as has been usual. The faculty have planned what they call the block system of work. A week's work is laid out in advance and each pupil goes to work to complete the block of work. It is to his interest to complete it in the shortest time possible. The first block of work will be given out the first day of school. No time will be lost. Work will begin immediately.

The school has made many minor improvements. The domestic science building has been repainted inside and out so that it has a most attractive and delightful appearance. A balcony was built on the stage to save much of the work of shifting scenes. Nine changing tables and new shelves have been added to the library. Among the machine tools purchased, the trustees have secured a Lodge & Shipley lathe, 18 inch swing and 10 foot bed. Local garages will have an opportunity when necessary to use this lathe for large work should their lathes prove too small.

Among the teeachers of the faculty, many of them have spent the summer in a manner profitable to the interests of the school. Mr. Campbell spent his summer perfecting himself in library work and in the clarinet. He now has control of the violin, cornet and clarinet. Miss Bloom made a thorough study of the latest literature in class methods. Mr. Stenquist attended the Oregon Agricultural College and took a special course in physical training and health instruction during vacation months.

The State Highway Commission has agreed to grade and gravel the highway in front of the high school property if the Board of Trustees will curb and gutter same. This has been agreed to and automobiles will have a most convenient parking area in front of the high school building. It should take care of at least forty automobiles.

DRIVER DRUNK IN AUTO CRASH, POLICE CHARGE

William McKean, employed by the Galbraith Construction Company in highway work in Sonoma Valley, was painfully cut and is under arrest on a charge of driving while intoxicated as the result of an automobile crash at a point south of the old Five Mile House on the Carneros highway at about 9:30 o'clock Sunday night.

McKean was painfully cut on the wrist and a physician took 10 stitches to close the wound.

Miss M. Brother of Nevada has been chosen as one of the Grammar School teachers for the coming year. She will come here with her mother to reside and they have rented the Geo. Chase bungalow east of town.

Miss Brother succeeds Miss Pearl Fallon, now Mrs. George Millerick.

Mr. and Mrs. A. J. Martinson and family went to San Francisco this week to take in the radio show.

W. F. Clewe returned from his vacation at Towle this week. Mrs. Clewe and the children, with Mr. and Mrs. Walter Bundschu, remained for another delightful week in the high Sierras.

Miss Florence Green of San Francisco was up Sunday visiting her parents, Mr. and Mrs. L. H. Green.

Pierre Rouquie of Vineburg, who graduated from the high school here last term, and who will be remembered for his talent as a comedian in school plays, has gone to Pittsburg where he has a job in the steel works and resides with relatives nearby.

Mrs. R. Randolph has leased her ranch and moved to town. She is occupying the Bean cottage on Patton street. Her sister, Mrs. Otto Rotermundt, and Mr. Rotermundt, formerly of the Hall ranch, have rented an apartment on Spain street.

Roy Pauli the accommodating employee at Clewe's store is over at Dillons Beach with his wife enjoying his annual vacation.

VISITORS FROM BERKELEY

Mr. and Mrs. Clarence Browne of Berkeley are guests of Mr. and Mrs. Al Luchsinger. Browne is affiliated with one of San Francisco's leading banks and was formerly a fellow employee with Mr. Luchsinger. His wife, clever musician, was formerly Miss Ruth Adair of the college town.

Mrs. L. L. Lewis, formerly of El Verano, has been spending a portion of the summer at Santa Barbara, where her grandson, Lewis Hoen, is on the art staff of a newspaper.

INTEREST GROWS IN ELECTION TUESDAY

The presidential primaries to be held Tuesday, August 26th, continues to grow in interest. In Sonoma county over 20,000 sample ballots were mailed out by County Clerk W. W. Felt, Jr., who will come to Sonoma Valley with election supplies Monday after a tour of the northern precincts of the county.

Considerable interest centers locally on the choice of an assemblyman from this district. The candidates are Assemblyman Lucien Fulwider and Dr. Anderson, both of Santa Rosa. The incumbert, Mr. Fulwider, is a practicing attorney, and has given a good account of himself at Sacramento. He has ever been mindful of the wishes of the people and has cooperated on every measure for the good of Sonoma county and its tax payers. Pledged to economy and yet a progressive, liberal minded man, Assemblyman Fulwider makes an able representative at the state capitol.

His opponent, Dr. Anderson, is a dentist of the county seat and is pledged to a platform which has won him a goodly backing. While never before seeking public office, Anderson has held many positions of trust in civic circles.

Sonoma Valley has the honor of presenting both candidates for the office of supervisor of the first district. Supervisor Fred Lowell is one of Sonoma's substantial citizens and a man of integrity and business ability. "No one wants this district to improve more than I do," declares Lowell, "and if more money was available for roads, no one would build them quicker." As much, or more, has been accompiished in the district during Mr. Lowell's incumbency as was possible, declare his friends and admirers.

R. R. "Dal" Emparan is making a splendid campaign and his friends are confident of victory for the descendant of Sonoma's founder, General M. G. Vallejo. Emparan is a prominent and popular member of several fraternal orders and has a clean record of which he is rightfully proud.

Three members of the County Republican Central Committee are to be chosen from the following: Angelo Beretta, George Breitenbach, John Mohr and J. H. Weise of Glen Ellen.

Congressman Clarence F. Lea who has served this district so ably at Washington has no opposition and is expected to poll a handsome vote:

Following are the polling places and officers to serve in Sonoma Valley precincts:

EL VERANO NEWS

(Continued from Page Two)

the Highway Service Station near Sonoma about 5 o'clock in the morning following the Santa Rosa affair, and after awaking Roy Chance ordered five gallons of gasoline.

L. E. Fulwider, candidate for the assembly, and the incumbent from the thirteenth district, accompanied by Frank Lemmon, were meeting the voters of this town last Friday. Mr. Fulwider is making an active campaign, his opponent being Dr. David P. Anderson of Santa Rosa. Fulwider has made this district in previous campaigns and has many good friends who are shouting for his re-election.

Joe Danieli and Bill Preston, popular members of Sonoma Council, Y. M. I., motored to Sacramento Sunday to take in the celebration of the Order at the state capital.

Dr. and Mrs. Fred Butler of the Sonoma State Home at Eldridge were visitors to Santa Rosa Saturday, being accompanied by Mrs. J. G. Cromwell and Mrs. A. E. Gaige, former Glen Ellen residents, but now living in San Francisco.

H. Damon, former coffee king, but now of San Francisco, was spending Sunday at the Joe Hayman ranch. Damon is now a salesman for a large wholesale firm in San Francisco.

Mr. and Mrs. W. J. Kroeger of San Francisco were visiting relatives in western El Verano Sunday.

Ed Dowdall took the Sunday afternoon rattler for Concord. He had been spending the day here with relatives and friends.

A surprise was given Mrs. J. N. Beach Saturday evening, when Mr. and Mrs. F. Evans, Mr. and Mrs. W. Little and other San Francisco folks motored up from the city to congratulate Mrs. Beach, it being her birthday. The party arrived unexpectedly late Saturday evening and spent Sunday at the new Beach home in Sonoma Vista, where a dinner was served in honor of the anniversary. Mrs. Little and Mrs. Evans are daughters of Mrs. Beach. The guests returned to the bay city late Sunday evening.

J. Jamesson, foreman of the painting gang which recently moved from El Verano, where they had been painting the S. P. depot, died in Santa Rosa Monday morning. Deceased had been ailing for a week and was at a Santa Rosa hospital. Appendicitis is said to have caused his death. Jamesson was popular with his men and made many friends during his stay in El Verano. The remains were taken to Oakland Tuesday morning for burial, where a wife and several children reside. Jamesson, a veteran employee of the S. P. Company, was 50 years of age.

Tom Sobranos and wife of Petaluma were spending the week end at the Helvetia Hotel in El Verano. Mr. and Mrs. Sobranos have recently returned from a motor camping trip to Canada and report a wonderful outing. Sobranos is a member of the Petaluma Fire Department.

D. McCarthy, proprietor of Annadan Resort, was a Tuesday morning business visitor to Oakland.

Mr. and Mrs. A. B. Johnstone returned to San Francisco Tuesday morning after a several days' visit at the Minkel home.

Business Manager W. T. Suttenfield and family of Eldridge spent Saturday and Sunday in San Francisco.

Howard Meek, 26, of San Francisco, who attempted suicide near El Verano recently, is slowly recovering at a Santa Rosa hospital.

Frank Staudinger, who, with his wife resided in El Verano for some years, died in San Francisco last week. The funeral was held last Saturday. Their many friends here will receive the news with sorrow.

G. Locarnini went to Oakland on Tuesday, bringing back with him a Flint Six and a 1925 Star car which he will exhibit at his garage in West El Verano, he being the local agent for these cars.

S. Rosenthal and wife, while driving near the Foster ranch Monday in their Star car, turned over, wrecking the machine and shaking up the occupants. The disabled machine was towed to the Locarnini garage here for repairs. The Rosenthals were motoring to San Francisco and were lucky to have escaped from the wreck without serious injury.

Henry Danieli, local shiek, has accepted a position with the Adler Furniture and Lumber Company.

Bill Preston and Henry Locarnini were on a pleasure trip to Petaluma last week.

John Basileu transacted business in Oakland Monday.

Rev. John Byrne, Sonoma's popular padre, was a welcome visitor to our city Tuesday.

Mrs. A. Aubrey, after a several days' visit at the Kearney home, returned to Oakland Monday morning.

Joseph Kearney and son, James, of the Sonoma Valley Lumber Company at Fetters Springs, motored to Sacramento Sunday, taking in the grand celebration of the Y. M. I, which was held in the capital city this year.

Grape picking this year will start about 10 days earlier than other seasons. The crop is not as heavy as in former years, but it is thought that prices will be high.

L. Hummel was transacting business in Santa Rosa Sunday.

OPEN LETTER FROM DAVID P. ANDERSON

Candidate For Assemblyman of the Thirteenth District

To the Voters:

I announce my candidacy for Assemblyman of the Thirteenth District. Most of my life I have resided in Santa Rosa where I have practiced my profession since 1888. My home and all my business interests are located here. For many years I have been a member of our library trustees; the Chamber of Commerce; president of the Building and Loan Association, and other public organizations. For several years past I have been a member of the Board of Directors, chairman of the Finance Committee, and vice president of the Chamber of Commerce. Aside from my profession I have also been interested in agricultural pursuits and am a member of the Farm Bureau; Prune Growers', Apple Growers' and Berry Growers' associations. And I will gladly support any legislation benefitting this large farming community and industry.

It is often asserted that we should have fewer laws, not so many lawyers, less politics and more business in our Legislative Halls. I heartily subscribe to this slogan. On this platform I have been pursuaded to become a candidate for a seat in our State Assembly. I may add that I am in favor of strict economy, reduced taxation and efficiency in every department of government. I believe with President Coolidge that we should have "economy, and more economy" in our governmental expenses, and will support any legitimate effort to eliminate every unnecessary expense of our state government.

In the past five sessions of our Legislature, 10,000 pages of new law, an average of 2000 pages for each session, was enacted. Every private ulterior interest is seeking to crowd on to our statute books self-serving laws. Our courts are overwhelmed with expensive litigation. Judges, lawyers and laymen all agree we are a law-ridden nation.

A large majority of our national Congress and our Legislatures are composed of lawyers. Both districts of this county are represented by lawyers. We now seem to have a government of the politicians, for the politicians by the lawyers. If we had more business men, merchants and farmers in our Legislatures, we might return to "a government of the people, for the people and by the people.'

I have no political aspirations, but if the electors of this district wish me to serve them, I pledge myself to be "sober and industrious," and as far as in me lies, to work for the best interest of the people of California, and the Thirteenth Assembly District.

DAVID P. ANDERSON.

Driving down the highway last Sunday we spied the following gem painted in crude leters on the back of a rustry, dilapidated flivver: "Do not laugh, girls; you'd look tough, too, without any paint.'

GOLDEN JUBLIEE ON OCTOBER 5th

Under the auspices of the Holy Name Society of the Catholic archdiocese of San Francisco is being planned one of the largest demonstrations that has ever been witnessed in California. The celebration will take place on Sunday afternoon, October 5th, and will consist of a parade of Catholic laymen from every parish in the archdiocese. The procession will start from the ferry building in San Francisco and the line of march will be out Market street to the Civic Center where exercises of a civic and religious character will be held. Preparations have been under way for several months by the executive committee of the Holy Name Union, but public announcement was not made of the big affair until all preliminary plans had been consummated.

The purpose of the demonstration manifests a three-fold purpose: To commemorate the 650th anniversary of the founding of the Holy Name Society and the Golden Jubilee of the forming of the first branch in California 50 years ago; the feast day of St. Francis, patron saint of San Francisco, and a welcome homee reception to Archbishop Edward J. Hanna, who has been abroad for the past several months. Archbishop Hanna will arrive in San Francisco on October 4th, and the homecoming of the popular prelate has been made a big part of the celebration.

SALE OF SCHOOL PROPERTY

The Sonoma Valley Union High School will sell the following school property as a whole or in part:

4.52 acres of land located on the corney of Germany street and Second Street West; this land has been graded for excellent drainage.

Two acres of land with or without building, located on the corner of Broadway and Germany Street. This property has a frontage of 300 feet both on Broadway and Germany street; should make excellent town lots.

Persons interested should interview Ralph Hotz, Sonoma, California, or Principal L. H. Golton, Sonoma, California.—adv. 50 4tc.

MARKETS

NEWS, COMMENT AND FIGURES

Chicago, August 16.

At the close of the short session, today, grain values continued their upward course, corn leading. With the corn in imperative need of warm weather to force maturity, came predictions of wet and cold conditions over the main belt. This led to a stampede of short covering and general buying, which caused opening values to be as much as 5 cents higher and all deliveries of corn, oats and wheat, except September wheat, reached a new high level for the season.

In the remembrance of two generations of buyers there has been no such market in corn. From the low of the previous week, and with no material pressure all the way up, December advanced 19 cents and May 20 cents. With the exception of the war period corn prices were the highest on record.

As compared with the finish of August 9, corn closed with a net gain of 8@15⅛c, with wheat up 4¾@7c, oats 5⅛ to 6⅛c, rye 1½ to 5¼c.

Lard advanced 25 cents and bellies 2½@5½c for the week, while ribs were unchanged to 12½c lower.

San Francisco, August 18.

HAY—MILL FEEDS — Receipts of hay continue rather light and business generally has been a little forced during the last week.

Interior trading has been a little more active. A few lots of considerable proportions have changed hands, generally at figures slightly easier than previous trading. Some movement is manifest toward country warehouses, as much of the consumption has been temporarily supplied.

Alfalfa market has been a little more active, as a disposition has been manifest among holders to ease up a little in their asking prices. Consumers are ready to buy, but not at higher figures.

The millfeed market has had an exceedingly firm undertone, with supplies light. All markets of coarse grains have been strong and advancing. Wheat closed the week several steps up and coarse grains are very much in sympathy. Alfalfa meal is in good demand at slightly better figures. Cocoanut meal also advanced and is in strong demand.

LIVE STOCK—Hogs: For week: Generally steady, considerable inquiry, receipts light; good hard grain-fed Californias averaging 180 lbs., $11; bulk medium, 130160 lbs., $10.50 @10.75; few smooth 200-lb. packing sows, $8.50@9. Quality of arrivals, medium.

Cattle: For week: Generally weak, excepting best grades; few latter kinds here; medium grade grassers, Nevada and California, 1,050-lb., $7.40 @7.60. Good cows, steady, 8 loads 880-900-lb., $4.75@5; medium and common weak, plentiful; bulls steady, few here.

Calves: Good and choice 200-lb. firm, quotable up to $8; one eload choice 225-lb., $7.50; heavy 350-400 lb. calves, weak, around $5.50@6.

Sheep: For week: Dressed market weak, country points strong; quoting $11 for good and choice lambs full wool. Bulk this week old purchases grading medium to good. Two shipments Nevadas to arrive at $11; good ewes, $4.50; few yearlings, $6.50. Feeder situation strong at the eastern markets, causing some concern locally.

J. W. Benton one of the new members of the faculty of the High School was taken ill with acute appendicitis last week and had to undergo an operation. He is expected however to be able to assume his new position when school opens.

Mr. and Mrs. Monte Jones and little daughter Betty spent the last week end in San Francisco.

The Judge Justi household now have a radio which gives much pleasure to Miss Hulda Justi, invalid sister of the Judge.

Mr. and Mrs. Carlos Emparan and baby of Oakland have been visiting their relatives here.

Mrs. Pedro Pinelli of Sonora Mexico is here on a visit to relatives including Mrs. B. Mori.

L. F. Niemann and his son Owen with H. Peterson of Boyes Springs have been on a deer hunting trip in the vicinity of Bartlett Springs.

Mr. and Mrs. Neal Dodge motored to Dillons Beach Sunday.

Patrick McMullin of Glen Ellen was in town Wednesday driving a classy new Flint touring car.

Mrs. P. W. Angove has been spending her vacation in Oakland.

Mrs. E. Milford of Santa Rosa will spend some time with her sister, Mrs. P. W. Angove.

The many friends of Mrs. J. D. Ehlers will be glad to hear that she is recovering nicely following an operation performed by Dr. Butler of the State Home.

INSURE NOW!

Time enough to call a doctor,
After you are sick.
Time enough to see a dentist,
When your tooth hurts to the quick.
Time enough to find a lawyer,
When you are in doubt.
But it's too late to call an Insurance Agent,
After you're burned out.
